## SKITTLE FUN

*awaits!*

Mom and dad are on a date,  
We know you'd like to come too!

But while you are away from us,  
here's something fun to do.

We've left 3 fun activities  
with skittles, oh boy!!!

Just follow these instructions -  
we hope you will enjoy!

We love you!!

## EXPERIMENT

#### Materials Needed:

Plate  
Skittles  
Cup  
Warm Water

#### Instructions:

Line up skittles around the edge of a plate in a fun pattern.

Warm up some water in a glass and pour it in the middle of the plate slowly until it reaches the skittles.

Sit back, relax and watch the magic happen...

If you love this colorful experiment, try it again with a new pattern.

## VACUUM GAME

#### Materials Needed:

Skittles  
Straws  
Dice  
Paper Plate

#### Instructions:

Pour bag of skittles onto a plate, gather round in a circle. Give each player a straw.

First player rolls 2 dice, if they get doubles then they start "vacuuming" skittles by sucking them up with their straw.

Other players continue to roll dice, if a new player gets double, they will take over "vacuuming" up skittles.

The person with the most skittles when the skittles on the plate run out - wins!!

## skittles RELAY RACE

### Materials Needed:

Number Slips

Bowl

Skittles

Challenge Tasks Card

### Instructions:

Place the numbered slips in a container at the starting line of the race. Place a bowl of skittles at the other end.

Have the kids all pick out a number and race to the bowl of skittles to eat that number of candies. First one back to the starting point wins!

To make it more challenging, add different tasks that they have to do for each color skittle they eat!
