Rules of Pucker Up

1. Shuffle your pucker up cards and pass out all the cards among you and your spouse.
2. At the same time, lay down a card.
3. If the card is the same, the first person to slap the cards gets the entire pile of cards.
4. BUT before you take the cards, you must perform the kiss with your spouse.
5. Keep laying down cards until 1 person has obtained ALL of the cards.
6. *Note, if you win the pile of cards, add them to the cards in your hand.

*This game is a play off of the cards game War.
