OF LOVE!

STORY

A story has been passed down for generations. It is said that a young couple was destined to be together forever. When the man asked for his love's hand in marriage, he gave her a key to show that she had unlocked all of the love in his heart.

He pledged to give her all of that love, so long as she held the key. On their wedding night, he revealed a heart-shaped lock and the key was a perfect fit. Legend has it that whoever holds this set of lock and key will be blessed with a beautiful marriage. Historians debate whether or not they exist, but if you can find them, happiness could be yours forever.

ANSWER SET TABLE

TANGRAM

- Cut apart the tangram puzzle pieces and hide them around the room.
- Tape a piece of plastic over the heart shaped opening that remains after the pieces are cut out. Use a red permanent marker to color the plastic.

Put the tangram pieces together within the heart frame to reveal the phrase:
The sun rises in the East and shines on your beauty to show our love.

FLASHLIGHT

- Disassemble the flashlight and hide the pieces.
- Hide a compass in the room.
- Use an X-acto knife to cut out the black rectangles on the flashlight cover. Hide the circular flashlight cover in the room.
- Place a piece of tape on the floor for each cardinal direction (*North, South, East and West*) - only East will be used, the others are distractions!
- Hang the heart print on the wall opposite the East line.

Assemble the pieces to create a flashlight. Hold the flashlight cover over the light.

Use the compass to determine the East and stand with the flashlight on the Eastern line, shining towards the west onto the heart print. Line up the light to reveal the number 14.

POSTCARDS

- Cut out the love note postcard and engagement ring card. Hide them in the room.
- Hide the hole punch in the room.

Use the hole punch to punch out the engagement rings. Stack the love letters. Reveal the word **TWENTY**.

RAINBOW LETTERS

- Hang the Baby Print.
- Cut out the rainbow letters and hide them around the room.

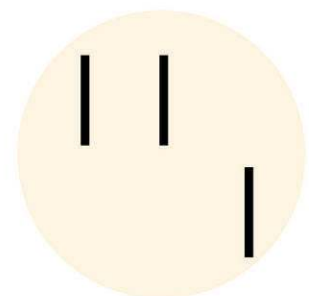

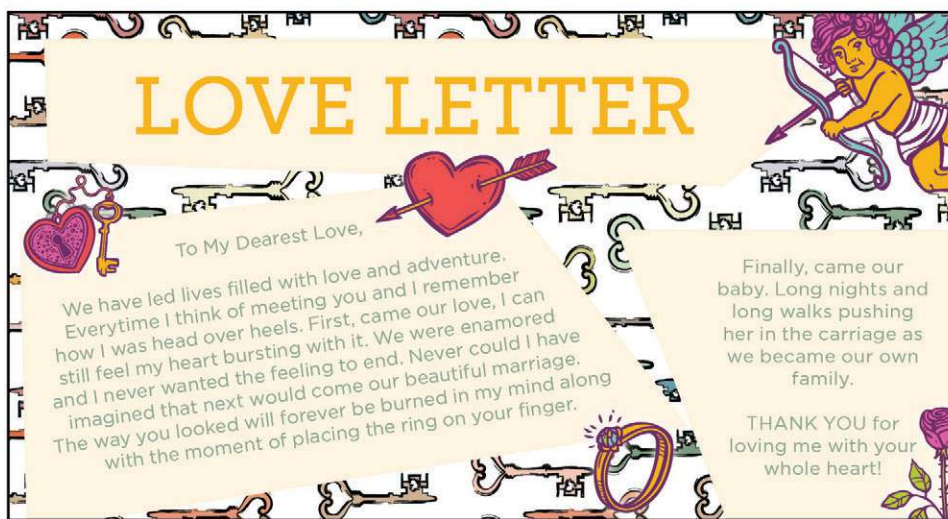

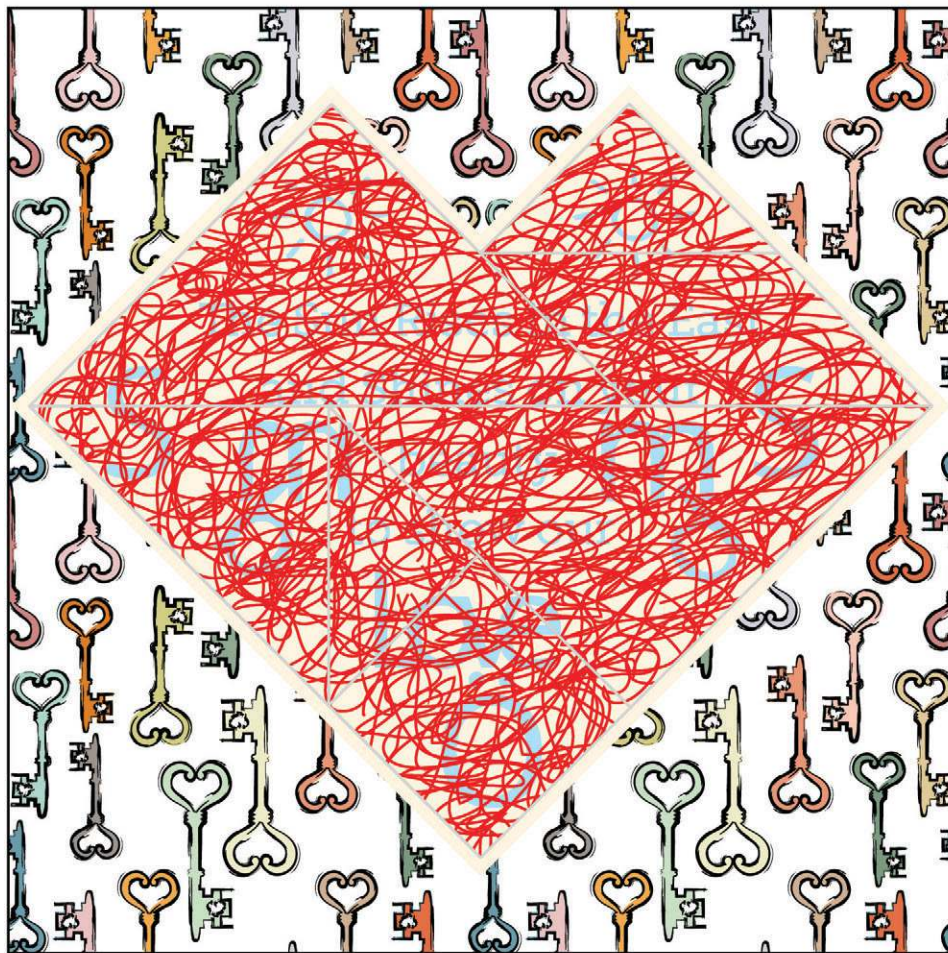

Find all of the letters and place them in order according to the colors on the baby blanket to reveal the word:
EIGHTEEN

LOCK

- Set the combination lock to 14-20-18.
- Cut out the printable key from the invitation and put it inside a box.
- Use the lock to secure the box.

Use the code from the love letter postcard to determine the order of the numbers:

First comes LOVE (the 14 on the heart print), then comes marriage (the 20 from the engagement rings), then comes the baby in the baby carriage (the 18 from the baby print).
