STRIP MATCH UP

Divide the deck in half with the numbers and face cards divided equally (*equal amounts of 2's, 3's, in each pile etc*), Each person takes turns laying down a card. When the cards match, both players have to remove a piece of clothing (*that the other person chooses*). Play until there is nothing left to take off!

KISSING ROYALS

Play Slap Jack with your partner. The twist is, every time you slap the pile with any face cards (*Jack, Queen, King, or Ace*), you get a 30 second kiss from your spouse. You get to choose where you want to be kissed!

HIDDEN CARD

Have your spouse pick a card from the deck and hide it somewhere on their body (*underneath their clothes*) without you seeing. Then - you have to find it!

LOVE IS A BATTLEFIELD

Play the simple game of War with your spouse. Every time you end up with the same cards and have to face off in a "*War*", the winner with the highest card chooses a sexy task to do to the other person. You probably won't finish the whole game!
