# *Can you build* A SNOWMAN? 2 WAYS TO PLAY

## SNOWMAN MEMORY

1

Lay all the cards face down in a 5x3 grid

2

Draw your Snowman Inspiration card from a separate pile. Your goal is to find the matching pieces and be the first to build your snowman

3

Take turns drawing 1 card from your memory board. If it would help build your specific snowman, keep it! If not, return it and hope your opponent doesn't need it.

4

Whoever builds their snowman first, wins!

## SNOWMAN DRAW

1

Draw your snowman inspiration card. Keep it secret!

2

Pass out 4 cards to each player, the rest go in the draw deck

3

Your goal is to build your inspiration snowman by drawing and discarding. Each turn, draw 1 card then discard 1 card.

4

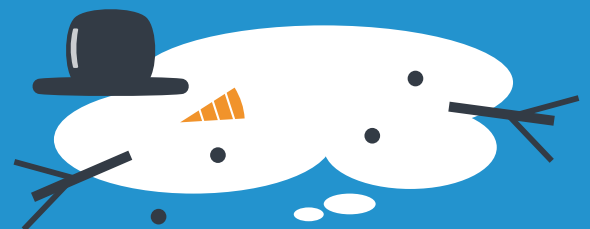

Once you have all parts of your snowman, lay it down and win the game!

\*For more cards, just print the set twice.
