## Battle OF THE SEXES

Who do you think will win?!

Split into teams (girls versus boys of course) and get ready to compete in the ULTIMATE Battle of the Sexes game! Tonight we will be challenging your brains, physical endurance, and creative abilities! The team with the most points at the end of the night wins! So GET READY, GET SET, GO!!!

Begin by reading instructions for round #1.

## Battle OF THE SEXES

### ROUND 1: BATTLE OF THE BRAINS

Take turns rolling our special Battle of the Sexes dice! The dice will determine which type of questions your team will be required to answer. (IE: If the dice lands on "Girl" you will answer a "Girl Question" and if the dice lands on "Boy" your team will need to answer a "Boy question".) Play a total of 9 rounds (each team will roll the dice 9 times and answer 9 questions). Don't forget to keep track of your points (1 point for each correct answer)!

## Battle OF THE SEXES

### ROUND 2: BATTLE OF ENDURANCE

Which team has more physical endurance? We are about to find out with the ultimate Battle of the Sexes relay! One player for each team will go at a time. Once one of your team members has completed all three of the tasks, the next player on your team can go. Whichever team collectively finishes their relay first wins this round and gains 3 points!

## Battle OF THE SEXES

### ROUND 3: BATTLE OF CREATIVITY

In this last round ladies go first! The girls will be timed as a group! They will each be required to tie a tie on their husband, draw facial hair on their spouse, and write down 5 professional sports teams on a piece of paper. Each girl from team pink will need to individually complete these tasks! Once everyone from their team is done, the time will stop! When the girls are done, it will be the guys turn to try and beat their time! The men will be challenged by braiding their wives hair, painting their nails, and writing down their favorite romantic quote! Again, once all the guys have finished their tasks, the time will stop! Whichever team finishes in the quickest amount of time wins the round and gains 5 points!
