Instructions:

This Valentine's Day, let your family order dinner at Cupid's Crazy Cafe. But this menu is not like other menus! They will not know what they're ordering. Instead of the actual food items, you'll be using Valentine code words.

To begin, decide what you would like to serve for the meal. And then assign each item to a code word on your "cheat sheet." For example:

Huggin' = Fork

Cuddlin' = Spoon

Snugglin' = Napkin

Squeezin' = Main Dish

Squishin' = Side Dish

Smoochin' = Side Dish

Kissin' = Drink

Lovin' = Dessert

Have each person "order" dinner by filling out their menu, making sure they use each of the 8 different items only once. Then use your "cheat sheet" to serve each person their courses. One person may get a napkin and dessert for an appetizer, while another gets a fork and a drink for dessert. At Cupid's Crazy Cafe- anything goes!
