

FRIENDLY
Date Night
PLANNER

INSTRUCTIONS

Pair up with another couple (preferably someone with entirely different likes/
dislikes than you)

Agree upon a mutual budget for the planned date nights.

Separately fill out your own date night question prompts with your spouse to get your
mind rolling for all your own favorite date night activities.

Select which of your favorite date night activities you want your friends to do for their
date night. You can choose to create a date night of your absolutely favorite things, a
date night you dream of doing or your typical date night – it is up to you!

Fill out the Date Night Planner Printable with the exact date you want to send your
friends on.

Fill out the instruction cards explaining to your friends the details for each portion
of the date. Remember to include details such as location, dress code, items they might
need etc. Place the instructions cards in the envelope with its corresponding envelope
label.

Use the envelope labels to label the outside envelopes with any important information
they will need. If there is a reservation or an exact time an event begins – make sure
to label this clearly on the outside of the envelope. This is your chance to let the other
couple know if there is a certain order the envelopes should be opened or if an envelope
needs to be opened by a certain time or at a certain location.
