

1. Print out and cut both the apron and the pocket along the black lines.

2. Using double-stick tape or a glue stick, attach the pocket to the bottom of the apron, along its left, right and bottom edges, leaving the top edge unsealed so you can insert the invitation.

3. Use a hole punch to cut the 4 holes on the top half of the apron.

4. Cut 2 pieces of ribbon. Use the 1st one in the top two apron holes to make the neck strap, knot the ends to hold in place.

Tie the second one through the bottom 2 holes to secure the invitation.

GETTING TO KNOW YOU - PARTY INVITATIONS

Print and cut out invitations along their outer edges, then just fill in the blanks with your party information and slip inside the apron pockets!
