- # 8 Shamrock =

Instructions:

This St. Patty's Day, let your family order dinner at St. Patty's Party Pub! But this menu is not like other menus! They will not know what they are ordering. Instead of the actual food items, you'll be using St. Patty's code words.

To begin, decide what you would like to serve for the meal. And then assign each item to a code word on your "cheat sheet." For example:

Magic = Fork
Pot of Gold = Spoon
Leprechaun = Napkin
Four Leaf Clover = Main dish
Gold Coins = Side dish
Jig = Side dish
Rainbow = Drink
Shamrock = Dessert

Have each person "order" dinner by filling out their menu, making sure they use each of the 8 different items only once. Then use your "cheat sheet" to serve each person their courses. One person may get a napkin and dessert for an appetizer, while another gets a fork and a drink for dessert.

At St. Patty's Party Pub, anything goes!

how LUCKY will you be?
