# PRINTABLE POP UP CARD
Instructions

1 Print all of the pages on cardstock and cut out each panel. Lay pages in front of you with the print side up.
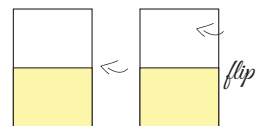

2 Fold the top and bottom of each dark green bar, and then re-open the folds to create creases.
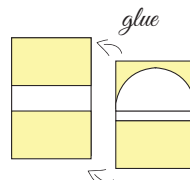

fold

**3** Glue together the highlighted top panels, and leave the other sections unattached.

glue

4 Flip the cover panel over so that the blank side is up. The front of the card should stay on the bottom.

flip

5 Line up and glue the highlighted panels to the top and bottom of the cover panel. The middle should stay unattached.

glue

6 Fold the card in half, sign your name to complete the project, and you're done!
